

THE LAKE COUNTY COMMUNITY RISK REDUCTION AUTHORITY
INVITES YOU TO ATTEND:

MEDITERRANEAN OAK BORER TOWN HALL MEETING

Virtual Meeting: May 9th @ 6:00 p.m.

Introduction by Supervisor Jessica Pyska
Featuring guest speaker: Dr. Michael I. Jones
Join via Zoom: <https://tinyurl.com/LCRRAMOB>

Meeting ID: 847 5588 3550
Passcode: 357793

Learn about the Mediterranean Oak Borer (*Xyleborus monographus*), where it has been spotted in Lake County, and what we can do to stop the spread of this invasive beetle.

It was first found infesting several valley oak trees in Calistoga, (Napa County) California in 2019, and has now been verified in Lake County.
